> >
> > I think Lithos has manifested no little conceit in the repeated presentations of his Greek version, and has not really made out anything by it at last. And knowing that he could not make out a case in the and in large or small quantities. Also English version he adopted this method because not one in a hundred of the readers of the JOURNAL could understand him will receive immediate attention. Please when Enquirer, in a public assembly would say, 'I heard the voice of the speaker,' but in an hour afterward if this would not be a contradiction, and I

in Greek, and consequently would have to will receive immediate attention. Please take his word for it. Indeed, he has not leave orders at William Doran's marble attempted to give but one illustration in the English version which is this: "As peaker,' but in an hour afterward night say, 'I could not hear his voice,'" submit to every reader of the JOURNAL submit also, if Lithos has not exposed his own ignorance of the most ordinary rules of English speech, and hence his found it or who can give any information is held at sm tional Bank. charges of ignorance revert back upon that will lead to its recovery will be liberhunself.

He says I expose my ignorance of common history, when I ask how he knows they all did not understand Hebrew.

He undoubtedly refers to the fact that at

to a reward would be paid for its recovery much greater than its mere intrinthis time the Hebrew language had become a dead language like the Greek and Latin now, but this does not enable sie value would warrant. him to say that the men that were with Paul did not understand Hebrew as well as Paul, and consequently his deductions are entirely inferential and drawn from the supposition that they were not as learned as Paul, but he has no positive proof of the fact. He says, "I suppose it We are offering is quite consistent for an historical account to be positively true, and at the same time to be general, and again to give in another place the details of an event, and this lat-ter also be true." I admit all this, but it per pair. is not the omission of any fact that I am contending for, but a contradiction of fact. And here let me say that not one of the naratives is more in detail than the others naratives is more in detail than the others and that it is relating the same story over again in each. If I comprehend him he endeavors to convey the idea that it is all right in the Greek version, and that the present English translation might be improved so as to read all right in English. I know this is historical; that King James selected 54 distinguished divines To cents, worth \$1 25 per yard.
